WANTED

Leif Malone

Leif Malone

OCCUPATION

NIGHT-CLUB BOUNCER AND ALL-AROUND IRRITANT

DESCRIPTION

A chip on his shoulder and a skull-and-crossbones around his neck, Leif was voted "Most Likely to Succeed." A former junior high school disciplinarian, Leif has finally found his niche as bouncer at the gang's hangout, "Della's Calf-A." The blonde-hair, blue-eyed, brawny ruffian also happens to be a bird-lover and keeps an aviary on the roof of his apartment. Among the vultures, canaries and toucans are a pair of prized bald eagles that Leif is protecting from extinction.
